LAB PROGRAM 2- Book details

Name: Mannat Chaurasiya USN:1BF25CS142 DATE: 08-10-2026

CODE:-

```
class Book {
    int id;
    String title;
    String author;
    double price;

    static int count = 0;

    Book(int i, String t, String a, double p) {
        id = i;
        title = t;
        author = a;
        price = p;
        count++;
    }

    void display() {
        System.out.println(id + "" + title + "" + author + "" + price);
    }

    void search(int i) {
        if (id == i)
            display();
    }

    void search(String t) {
        if (title.equalsIgnoreCase(t))
            display();
    }

    Book costlier(Book b) {
        if (price > b.price)
            return this;
        else
            return b;
    }
}

class book_main {
    public static void main(String[] args) {

        Book b1 = new Book(101, "Java", "James", 500);
```

```
        Book b2 = new Book(102, "Python", "Martin", 600);
        System.out.println("Name: MEDHA M CHIPPPALKATTI, USN:1BF25CS152");

        b1.display();
        b2.display();

        System.out.println("Search by ID:");
        b1.search(101);

        System.out.println("Search by Title:");
        b2.search("Python");

        System.out.println("Costlier Book:");
        Book b3 = b1.costlier(b2);
        b3.display();

        System.out.println("Total Books: " + Book.count);
    }
}
```

OUTPUT:-

```
  ----jGRASP exec: java book_main
Name: MEDHA M CHIPPPALKATTI, USN:1BF25CS152
101 Java James 500.0
102 Python Martin 600.0
Search by ID:
101 Java James 500.0
Search by Title:
102 Python Martin 600.0
Costlier Book:
102 Python Martin 600.0
Total Books: 2

  ----jGRASP: Operation complete.
```
